

Fiscal impact reports (FIRs) are prepared by the Legislative Finance Committee (LFC) for standing finance committees of the NM Legislature. The LFC does not assume responsibility for the accuracy of these reports if they are used for other purposes.

Current FIRs (in HTML & Adobe PDF formats) are available on the NM Legislative Website (legis.state.nm.us). Adobe PDF versions include all attachments, whereas HTML versions may not. Previously issued FIRs and attachments may also be obtained from the LFC in Suite 101 of the State Capitol Building North.

### SUMMARY

#### Synopsis of SCONC Amendment

The Senate Conservation Committee amendment to Senate Bill 433 amends language in §72-4A-4 NMSA 1978 (Laws 2001, Chapter 164 Section 4) to increase the number of water trust board members from 18 to 19 members. The additional member shall be the Executive Director of the New Mexico Association of Conservation Districts, or the director's designee.

#### Synopsis of Original Bill

Senate Bill 443 amends sections of the Water Project Finance Act, provides for members of the Water Trust Board, removes the Drought Strike Team from the Water Trust Board duties; and allows for appropriations and donations to be made to the Water Project Fund.

Significant Issues

The 2001 Legislature enacted the Water Project Finance Act establishing a Water Trust Fund Program, a Water Project Fund and a Water Trust Board. The purpose of the program is to provide grants and loans to political subdivisions and to provide for long-range planning and financing of regional and statewide water supply projects. The Water Trust Board consists of 15 members who approve all grants and loans made to qualified entities.

Senate Bill 443 expands the Water Trust Board members from 15 to 18 members to include the secretary of the Department of Finance and Administration and two public members appointed by the governor and confirmed by the senate. One public member shall represent public water systems with more than five hundred connections, and the other member shall represent public water systems with 500 or fewer connections. The bill also specifies that designees shall not serve on the board except for designees of the executive directors of the New Mexico Municipal League and the Association of Counties, and the president's designee of the Navajo Nation.

The bill removes the "drought strike team" from the duties of the Water Trust Board. The drought strike team was originally created to address the state's drought-related issues. The bill provides that the distribution of funds to the Water Project Fund may include appropriations and donations.

**RELATIONSHIP**

This bill relates to House Bill 347/aHENRC. The House Energy and Natural Resources Committee amendment increases the membership of the Water Trust Board to 19 members to include the executive director of the Soil and Water Conservation districts, or the director's designee.
